A Panorama of Learning

The

ARROW

published by:

Annual Staff of

Cleveland High School

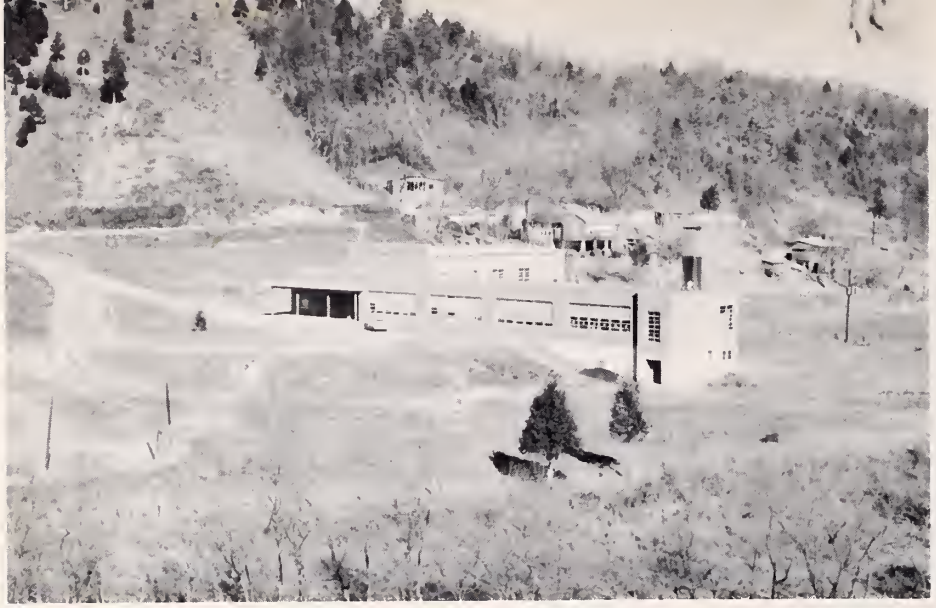
Editor: Peggy Wilson

Business Manager: Linda Fleenor

We leave our Homes

Some of us leave our homes on the bus.

Some of us leave our homes on foot.



The Elementary Building is the newest building on our campus.

A very familiar structure is the Agriculture Building. It is especially famous for broken window panes from balls off the adjoining play ground.

Hours of work and play are spent each day in the Gymn and Home Economics Cottage.

Arrive at our School--------

ROYAL CROWN
PET

Located in our town of Cleveland.

An old familiar landmark to students of yesterday and today is the Cleveland Depot.

One of the newer buildings in our town is The Bank of Russell County.

The Baptist Church, because of its unique location, constantly reminds us of the spiritual values in life.

The coke machine has added much to the enjoyment of our "between class" chats and social calls.

Our teachers are always ready to aid us in any way possible.

We meet with---------

Meeting in classes every day causes our knowledge to expand and to grow.

CLASSES
TEACHERS
FRIENDS

To participate in----------

Our activities are many. They range from parties, plays and sports to social and academic clubs and out-of-class assignments. Each plays a vital role in preparing us for useful citizenship.

ACTIVITIES

In order to accomplish our goal, a beginning is necessary.

To realize our goal accomplished, we must prove ourselves worthy and adequately prepared for graduation.

To accomplish our GOAL.....

In Dedication

In appreciation for her untiring efforts, her sincere interest, her understanding consideration, her undying enthusiasm and friendliness in her students and interests of Cleveland High School, we the annual staff proudly dedicate the 1959 ARROW to Mrs. Bonnie Sampson.

----------and SPORTS

Administration and Faculty

Our Principal

Mr. Hugh R. Morgan

Memory is the essence of man's being and the key to human understanding. Without it one becomes void of much of the thought process. Most of living involves that which we or others have done. There is no future except in terms of today and the recent or historical past.

Memory . . . seemingly simple, but actually exceedingly complex . . . means of escape or the impetus to achievement . . . the many faceted experience . . . fleeting, prolonged, painful, soothing, nostalgic, vivid, subdued, or pleasant and revealingly reminiscent.

To most of us, this volume represents the present; to the staff, it represents a degree of achievement; to all of us, it is a part of the educational process in that the expressions and portrayals are of us. This book is not an essential part of our program, rather it represents that tangible something beyond the necessary. It expresses our artistic nature and our desire to perpetutate some of life's most treasured experiences. To all of us, it will become a guide to pleasant memories.

The experience, the book, the impression-Ah! what satisfaction in just a thought. To each of you we wish a happy and fruitful life, and may your memories be brightened as you occasionally rescan these pages.

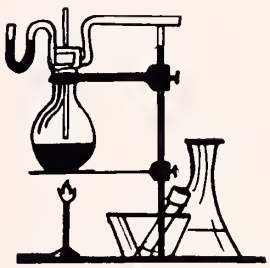
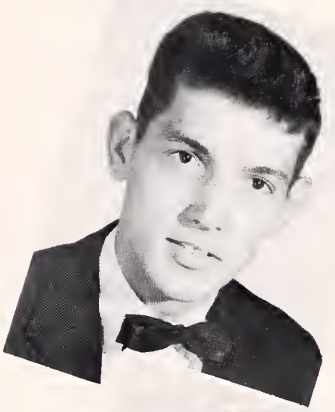
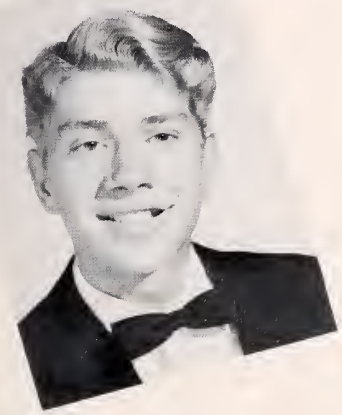
Science Club



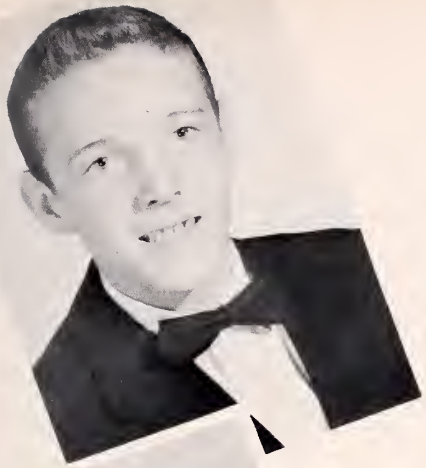




The Science Club tries to further develop the interest of students in the field of Science in cooperation with classroom activities. Through various weekly programs and term projects, the knowledge of Science is expanded.

French Club

The French Club was organized this year for first and second year French students. Its purpose is to give a better understanding of the French people and their way of life.



Monogram Club

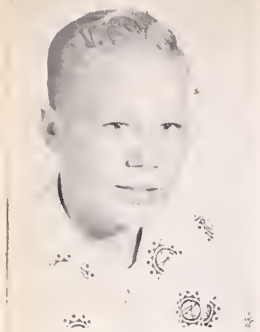
The Monogram Club consists of students who have earned a school letter. It is responsible for determing the requirements for athletic letters and encouraging students to participate in letter awarding activities.

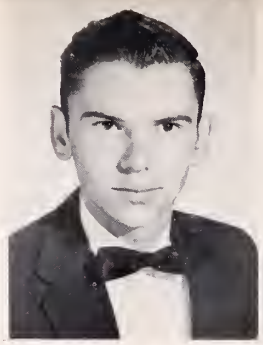
Dancing Club

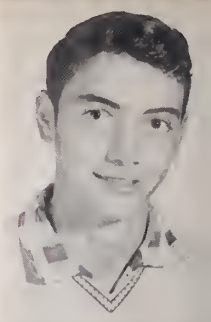
The Dance Club has as its purpose to provide creative activity in dance, to develope in the pupils an appreciation of form in time and space, and to aid the pupils develop the ability to co-operate with other members of a group.

Future Homemakers Of America

The Future Homemakers of America is a national organization of pupils studying home economics. Its purpose is to develop better home, school, and community life for members and their families.



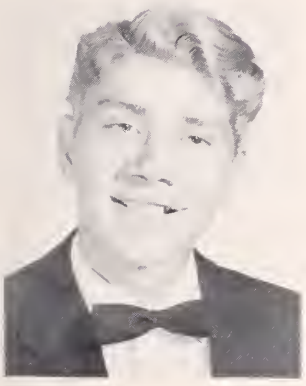




Future Farmers Of America

The FFA, Future Farmers of America, is made up of boys who are interested in modern methods of farming. Some of their projects include the studying of soil and the judging of livestock.

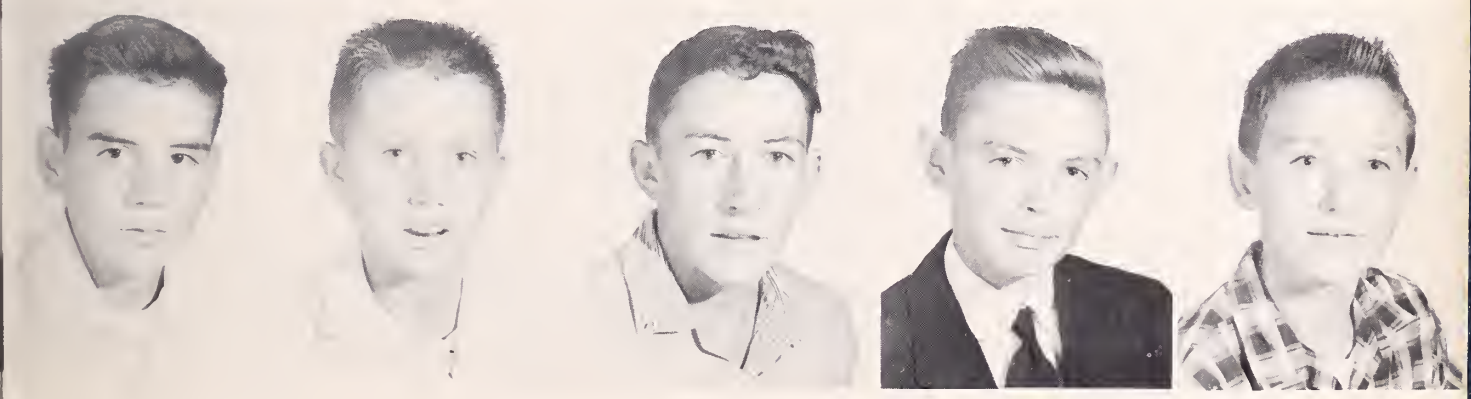
High School 4-H Club



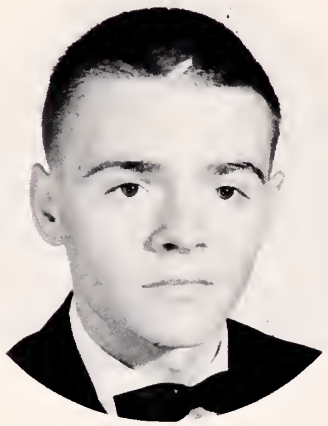
HEAD HEART

HANDS HEALTH

The symbol, 4-H, tells the purpose and individual aspiration of each member. With Hand, Health, Head, and Heart, our projects are accomplished and our goals reached.



High School Tri-Hi-Y



The Tri-Hi-Y Organization, which is the high school branch of the Y.M.C.A., has as its high purpose the training of the high school boys and girls in those high, worthwhile principles of Christianity.
